

About the Journal

Bangladesh Journal of Oceanography is half-yearly official publication of the Bangladesh Oceanographic Research Institute (BORI).

Journal abbreviation: BJO

Publication and Access Charges:

There are no charges to submit and publish all types of articles. Full articles in pdf format can be downloaded freely from the journal website.

Aims and Scope

The journal aims to provide a medium for the dissemination of advances in Oceanography and Marine Science, and related technology listed in below (not limited to):

- a) Physical Oceanography
- b) Geological Oceanography
- c) Chemical Oceanography
- d) Biological Oceanography
- e) Environmental Oceanography and Climate
- f) Ocean Instrumentation and Technology
- g) Ocean Engineering
- h) Oceanographic Data
- i) Space Oceanography
- j) Maritime Law and Economics
- k) Integrative Oceanography etc.

All contributions that have not been published in other journals, reports, proceedings or other types of publications are welcomed. Contributions are accepted only in English and may be research papers, short communications, or review articles.

Continuing efforts have been made by the editorial board members to maintain the high quality of the journal by single-blind peer-review in careful and fair manner. A special attention has been focused therefore on the novelty and readers' benefit together with practical applicability if necessary. All the accepted manuscripts are edited by a specialist who is a native and professionally-educated English speaker.
